LIST OF TABLES v
LIST OF FIGURES vii
APPENDIX LIST viii

CHARTER. I PRELIMINARY ..... I - 1
1.1. Background 1
1.2. Objectives and Benefits of Planned Activities 2
1.2.1. Objectives Planned Activities 2
1.2.2. Benefits Planned Activities 2
1.3. implementation Study 3
1.3.1. Proponent Activity 3
1.3.2. Implementing the EIA Study 3
1.4. Description of Business and / or Event Which Will Assessed ... 4
1.4.1. EIA Study Status 4
1.4.2. Conformity Location Business and / or Activity Plans Riau Provincial Spatial 4
1.4.3. Description of Business and / or Event 4
1.4.3.1. Pre-Construction Phase 9
1.4.3.1.1. Licensing 10
1.4.3.1.2. Public Consultation 10
1.4.3.1.3. Acceptance of Labor 11
1.4.3.2. Construction phase 12
1.4.3.2.1. Mobilization of Equipment and Materials 12
1.4.3.2.2. maturation Land 13
1.4.3.2.3. Development Foundation 14
1.4.3.2.4. Installation of Generator, Turbine and Compressor 17
1.4.3.2.5. Construction Switch Yard 18
1.4.3.2.6. Tests and Trials 18
1.4.3.3. Post-Construction Stage 22
1.4.3.3.1. Demobilization of Equipment 22
1.4.3.3.2. Termination of Employment 22
1.4.3.4. Operation Phase 23
1.4.3.4.1. Acceptance of Labor 23
1.4.3.4.2. Electricity production waterwheel 23
1.4.3.4.3. Maintenance Engineering Plant 36
1.4.3.4.4. Waste Management (Including Hazardous and Toxic Materials) 39
1.4.3.4.5. greening 40
1.4.3.4.6. Corporate Social Responsibility (CSR) 41
1.4.3.5. Post-Surgical Stage 42
1.4.4. Alternatives that would be Studied in the EIA.... 43
1.5. Results of Community Engagement 43
1.6. Important Impact of hypothetical 44
1.6.1. Scoping Process 44
1.6.1.1. Identification of Potential Impact 45

1.6.1.2. Evaluation of Potential Impact 51
1.6.1.3. Classification and Priority Important Impact of hypothetical 67
1.6.1.3.1. Important Impact of hypothetical Classification 67
1.6.1.3.2. Important Impact of hypothetical priority 70
1.6.2. Results of Scoping Process 74
1.6.2.1. Important Impact Scoping Results hypothetical..... 74
1.6.2.2.Classification results and priorities Important Impact of hypothetical 75
1.7. Boundary Study and Study Time Limit 75
1.7.1. Project boundary 75
1.7.2. Ecological Limits 76
1.7.3. Social Boundaries 76
1.7.4. Limit Administration 76
1.7.5. Study Time Limit 76
CHARTER II. RONA ENVIRONMENT ..... II - 1
2.1. Geophysicist-Chemical Components 1
2.1.1. Climate Micro 1
2.1.2. Air Quality and Noise 3
2.1.3. Regional Geology 16
2.1.4. Geotechnical conditions 18
2.1.5. Water Quality 18
2.1.6. topography 21
2.2. Biological Components 22
2.2.1. Vegetation Land Army..... 22
2.3. Socio-economic and cultural components 28
2.3.1. Population 28
2.3.1.1. Administrative Region Village 28
2.3.1.2. Number and Population Growth 29
2.3.1.3. employment 29
2.3.1.4. Education and Religion 30
2.3.2. Social Economic Community..... 30
2.3.3. Social Culture Society 31
2.3.3.1. Cultural Values 31
2.3.3.2. Public Perception 31
2.4. Public Health 33
2.4.1. Health and Disease Type 33
2.4.2. Environmental Sanitation 33
2.5. Other activities Nearby power plant PLTG/ MG Duri 34
CHARAPTER III. FORECAST IMPACT OF IMPORTANT ..... III - 1
3.1. Forecast Big Impact..... 1
3.1.1. Pre-Construction Phase 2
3.1.1.1. Public Consultation 2
3.1.1.1.1. Attitudes and Public Perception 2
3.1.1.2. Acceptance of Labor 3
3.1.1.2.1. Employment and Seek 3
3.1.1.2.2. Public revenue 4
3.1.1.2.3. Attitudes and Public Perception 5
3.1.2. Construction Phase 6

3.1.2.1. Mobilization of Heavy Equipment and Material And Machines Plant 6
3.1.2.1.1. Generated Traffic 6
3.1.2.1.2. Damage Road 7
3.1.2.1.3. Traffic Accident 7
3.1.2.2. Maturation Land 8
3.1.2.2.1. Surface Water Flow 8
3.1.2.2.2. Surface Water Quality 9
3.1.2.3. The foundation of the power plant PLTG development Plant / MG Duri 9
3.1.2.3.1. Surface Water Flow 9
3.1.2.3.2. Surface Water Quality 10
3.1.2.4. Tests and Trials 10
3.1.2.4.1. Air Quality 11
3.1.2.4.2. Vibration 11
3.1.2.4.3. Intensity Noise 12
3.1.2.4.4. Environmental Quality Physical Work 12
3.1.3. Post-Construction Stage 13
3.1.4. Operation Phase 13
3.1.4.1. Penerimaan Labor 13
3.1.4.1.1. Employment and Opportunities Sought 13
3.1.4.1.2. Community revenue 14
3.1.4.1.3. Attitudes and Public Perception 14
3.1.4.2. Electrical Energy Production 15
3.1.4.2.1. Air Quality 15
3.1.4.2.2. Vibration 20
3.1.4.2.3. Noise 21
3.1.4.2.4. Availability of Energy 21
3.1.4.2.5. Environmental Quality Physical Work 22
3.1.4.2.6. Regional economic and Locally-Generated Revenue 23
3.1.4.3. Maintenance Engineering Plant 23
3.1.4.3.1. Surface Water Quality 23
3.1.4.4. Waste Management (Including Hazardous and Toxic Materials) .....) 24
3.1.4.4.1. Surface Water Quality 24
3.1.4.5. Greening 25
3.1.4.5.1. Air Quality 25
3.1.4.5.2. noise 26
3.1.4.5.3. Vegetation Army 26
3.1.4.6. Tanggung Social Responsibility (CSR) 27
3.1.4.6.1. Attitudes and Public Perception 27
3.2. Important properties Forecast Impact 30
3.2.1. Pre-Construction Phase 32
3.2.1.1. Public Consultation 32
3.2.1.1.1. Attitudes and Public Perception 32
3.2.1.2. Acceptance of Labor 33
3.2.1.2.1. Employment and Seek 33
3.2.1.2.2. Community revenue 34

3.2.1.2.3. Attitudes and Public Perception 35
3.2.2.3. Development Foundation of Power 35
3.2.2.3.1. Surface Water Flow (Run Off) 40
3.2.2.3.2. Surface Water Quality 41
3.2.2.4. Tests and Trials 42
3.2.2.4.1. Air Quality..... 42
3.2.2.4.2. Vibration 43
3.2.2.4.3. Noise..... 44
3.2.2.4.4. Environmental Quality Physical Work 45
3.2.3. Post-Construction Stage 45
3.2.4.2. Electrical Energy Production 48
3.2.4.2.1. Air Quality..... 49
3.2.4.2.2. Vibration 49
3.2.4.2.3. Noise 50
3.2.4.2.4. Availability of Electrical Energy..... 51
3.2.4.2.5. Physical Work Environment Quality 52
3.2.4.2.6.Regional economic and Locally-Generated Revenue 52
3.2.4.3. Maintenance Engineering Plant..... 53
3.2.4.3.1. Surface Water Quality 53
3.2.4.4. Waste Management (Including Hazardous and Toxic Materials) 54
3.2.4.4.1. Surface Water Quality 54
3.2.4.5. greening 55
3.2.4.5.1. Air Quality..... 55
3.2.4.5.2. Noise 56
3.2.4.5.3. Vegetation Army..... 57
3.2.4.6. Corporate Social Responsibility (CSR) 58
3.2.4.6.1. Attitudes and Public Perception 58
CHARTER M IV. HOLISTIC EVALUATION OF THE ENVIRONMENTAL IMPACT..... IV - 1
4.1. Findings In Holistic Against All the hypothetical Important Impacts (HII) 1
4.1.1. Forms of Linkage Relationships and Interactions HII as well as the characteristics 1
4.1.2. Components of Planned Activities The Most Potential Environmental Impacts..... 4
4.1.3. The areas that require attention Important..... 4
4.2. Tutorial Environmental Management and Monitoring..... 12
4.3. Environmental Feasibility Statement 16

LIST OF TABLES

Table **Page**

Table 1. 1. Land Use PLTG/MG Duri ..... I - 9
Table 1. 2. Manpower Utilization Plan In Phase Construction 12
Table 1. 3. Estimates of Type and Amount Equipment Needed 13
Table 1. 4. Estimated Total Workforce PLTG/MG Duri in Phase Operation 23
Table 1. 5. Potential Impact Identification Matrix EIA Study Capacity PLTG/PLTMG Duri 50
Table 1. 6. hypothetical Important Impact (HII) Evaluation Matrix hypothetical Activity Capacity PLTG/PLTMG Duri 66
Table 1. 7. Mechanical Impact Priority Based on Probability & Consequence..... 71
Table 1. 8. Priority Decrease Impact of Air Quality 71
Table 1. 9. Priority Impact of Improved Vibration 72
Table 1. 10. Priority Impact of Increased Intensity Noise..... 72
Table 1. 11. Priority Change Impacts on Surface Water Flow 72
Table 1. 12. Priority Decrease Impact Surface Water Quality 72
Table 1. 13. Priority Impact of Increased Availability of Electric Energy 72
Table 1. 14. Priority Environmental Change Impacts Physical Work 73
Table 1. 15. Priority Impact of Vegetation Land Improvement..... 73
Table 1. 16. Priority Employment Impacts and Opportunities Sought 73
Table 1. 17. Priority Impact Revenue Improvement Society 73
Table 1. 18. Priority Impact of Regional Economic Development and locally-generated revenue..... 73
Table 1. 19. Incidence Impact Priority Attitudes and Perceptions Society..... 74
Table 1. 20 Significant Impacts Priority Results Event Capacity hypothetical power plant PLTG/ MG Duri Balai Pungut Village, Pingir District, Riau Province.... 74
Table1. 21. Deadline Activity Assessment EIA Study Capacity power plant PLTG/ MG P Duri Balai Pungut Village, Pingir District, Riau Province ..... .77
Table 1. 22. Summary of Process Scoping Study Capacity power plant PLTG EIA / Dorsal PLTMG 79
Table 2. 1. Condition Study Area Temperatures in Bengkalis 2014 ..... II - 1
Table 2. 2. Humidity in the Study Area Bengkalis 2014 2
Table 2. 3. Amount of Rainfall and Rainy Day in Study Areas 2014..... 2
Table 2. 4. Direction and Wind Speed at Village Study Area 2014 3
Table 2. 5. Measurement Results Air Quality Emission power plant PLTG/ PLTMG Duri 3
Table 2. 6. Results of Ambient Air and Noise Measurement In the power plant PLTGPLTG Region / MG Duri and Human Settlements What's With Plant Location Observation Month In December 2013 and March 2014..... 12
Table 2. 7. Ground Water Quality Measurement Results In Observation..... 18
Table 2.8. Results of Air Quality Measurement Mandau River Observation Month In December 2013 and March 2014 9
Table 2. 9. Results of Measurement Water Quality Observations Moon River Pelintai In December 2013 and March 2014..... 20
Table 2.10. Results of Measurement Wastewater Quality power plant PLTG/ PLTMG Thorns On Month observations in December 2013 and March 2014..... 21
Table 2.11. Results of Measurement Quality Domestic Wastewater power plant PLTG/ PLTMG Duri..... 21
Table 2.12. Results of Analysis of Vegetation Strata Trees (Trees) in the power plant PLTG area / MG Duri 24

Table 2. 13. Results of Analysis of Vegetation Strata Poles (Poles) Around Area Development power plant PLTG 24

Table 3. 1 Interpretation of Environmental Quality Scale ..... III - 1

Table 3. 2. Magnitude of Impact Event Forecast Capacity Power Station power plant PLTG/ MG Duri 28

Table 3. 3. Forecast Matrix Properties Important Impact of Event Capacity Power Station power plant PLTG/ MG Duri..... 59

DAFTAR PICTURE

Picture **Page**

Picture 1. 1. Location Map Overlay power plant PLTG/ PLTMG Duri with Spatial Plan Bengkalis ..... I - 5
Picture 1. 2 Map Overlay Area PLTG/PLTMG Duri 6
Picture 1. 3 Map of Area PLTG/PLTMG Duri based on RTRW Bengkalis Regency... 7
Picture 1. 4 Map Location Activity Based Limit Administrative Regency of Bengkalis 8
Picture 1. 5. General Layout PLTG/PLTMG Duri Balai Pungut Village, Pinggir District, Bengkalis Regency 15
Picture 1. 6. Working Principle Gas Power plant PLTG(PLTG) 24
Picture 1. 7. Plant Process Flow Chart Generator power plant PLTG 24
Picture 1. 8 Work Process Flow Chart PLTMG 25
Picture 1. 9 Work Process power plant PLTG 26
Picture 1. 10 Scoping Process Flow Chart EIA Study Capacity Power Station power plant PLTG PLTG/PLTMG Duri In the Balai Pungut Village, Pinggir District, Bengkalis regency , Riau Province 6
Picture 1. 11 Flowchart Scoping Activity Capacity Gas Power plant PLTG/MG Duri Balai Pungut Village, Pinggir District, Bengkalis Regency, Riau Province 68
Picture 1. 12 Matric Results of Scoping 69

Picture 2. 1. Sampling Points Map Life of environmental parameters (Initial Environmental Rona) ..... II - 6
Picture 2. 2. Distribution Pattern and Simulation Distribution Rate of Dust Emission at the power plant PLTG location PLTG/MG Duri Area 8
Picture 2. 3. Distribution Pattern and Simulation Distribution Rate of SO2 emissions at the location power plant PLTG / MG Duri Area 9
Picture 2. 4. Distribution Pattern and Simulation Distribution rate of NO2 emissions in the location power plant PLTG/MG Duri dan Sekitarnya 10
Picture 2. 5. Distribution Pattern and Simulation Distribution Rate of CO emissions at the power plant PLTG location / MG Duri Area 11
Picture 2. 6. Distribution Pattern parameter Dust Around the power plant PLTG location / MG Duri 13
Picture 2. 7. Distribution Pattern Parameter Surrounding Area power plant PLTG SO2 / MG Duri 14
Picture 2. 8. Distribution Pattern Parameter NO2 Surrounding Area power plant PLTG/ MG Duri..... 15
Picture 2. 9. Distribution Pattern Parameter Surrounding Area O3 power plant PLTG/ MG Duri 16
Picture 2. 10. Geological map Region Improved power plant PLTG Assessment EIA / Dorsal MG 17
Picture 2. 11. Topographic Map Neighbourhood Region Assessment power plant PLTG/ MG Duri..... 23
Picture 2. 12. Other activities Nearby power plant PLTG/PLTMG Duri Balai Pungut Village, Pinggir district, Bangkalis regency 36

Picture 3.1. Estimated Distribution Pattern and Simulation Distribution Rate of Dust Emissions After the addition of 200 MW ..... III - 16

Picture 3.2. Estimated Distribution Pattern and Simulation Distribution Rate of SO2 emissions After addition of 200 MW 17

Picture 3.3. Estimated Distribution Pattern and Simulation Distribution of NO2 emission rate after addition of 200 MW 18
Picture 3.4. Estimated Distribution Pattern and Simulation Distribution Rate of CO Emissions After the addition of 200 MW 19

APPENDIX LIST

Lampiran

1. Formal Proof of Principle Permit and Licensing Letter Other
2. Documentation of the Public Consultation
3. SOP Operation of the power plant PLTG / PLTMG
4. Results of Laboratory Analysis
5. Copy of Tegistrasi EIA Preparation Services Provider Organization (LPJP), Composer Personnel EIA Statement and Copy of Certificate of Competence Composer KA-EIA
6. Curriculum Vitae Compiler EIA
